LABORATORY EQUIPMENT

Digital Water Bath 12 Litres

- Digital water bath 12 L capacity for providing stable temperature to heat samples at a certain temperature. - Precise temperature control with max temp of 100 degrees.

KES 17,000 (indicative; the quotation confirms the final price)

TECHNICAL SPECIFICATIONS

Laboratory Water Bath	Designed for precise temperature control in medical, research, and industrial applications.
Adjustable Temperature Settings	Provides consistent heating for sample incubation and testing.
Stainless Steel Chamber	Corrosion-resistant and easy to clean for long-term durability.
Digital Display & Control Panel	Allows accurate monitoring and temperature adjustments.
Uniform Heat Distribution	Ensures even heating for reliable experimental results.
Safety Features	Includes overheat protection and automatic shutoff for secure operation.
Ideal for Medical & Research Use	Perfect for laboratory procedures, microbiology, and chemical analysis.
